Position Announcement

Postdoctoral Fellow
School of Chemical and Biomolecular Sciences

The School of Chemical and Biomolecular Sciences in the College of Agricultural, Life, and Physical Sciences at Southern Illinois University in Carbondale announces an opening for the position of Postdoctoral Fellow.

Responsibilities of the Postdoctoral Fellow include carrying out critical and productive experiments for MOF photophysics, photochemistry, and/or photoelectrochemistry in a manner consistent with University policies and applicable State laws. The Postdoctoral Fellow is expected to contribute to the NSF funded research projects and assist the Principal Investigator in mentoring graduate, undergraduate, and high school students. Analyses of acquired data, writing papers, participating in group meeting and collaborative research efforts are also part of the responsibilities.

Applicants must hold a PhD in chemistry and/or materials sciences and have experiences in synthetic chemistry and/or spectroscopy.

The deadline for application and applicant materials is July 23rd, 4:30 p.m.

A letter of application together with the CV should be emailed to:

pderia@siu.edu.
Subject: Chemistry (Deria) Postdoctoral Fellow Search

Applicant should also arrange to have two reference letters send to the above address directly from the referees.

SIU Carbondale is an Affirmative Action/Equal Opportunity Employer of individuals with disabilities and protected veterans that strives to enhance its ability to develop a diverse faculty and staff and to increase its potential to serve a diverse student population. All nominations are welcomed and encouraged and will receive consideration.
